

Mr. Tamim Al-Qudah, MSc, PMP & CBAP

Tamim is a highly experienced trainer, specialized in Project Management. He gained a considerable knowledge and developed great skills through long years of experience since he worked as a project manager for many projects in different fields worldwide such as; building training capabilities, system & process reengineering, advertizing & 3D system building, opening 16 new branches, building Business Analysis Standard (BAS) for commercial bank, system development for military entities... etc.

Tamim has a 14 years hands-on experience in technology supplies, real estate, construction and ICT where he practiced the project management thoroughly: initiating, planning, executing, M&C and closing.

Tamim is also a Certified Business Analysis Professional and a member of the International Institute of Business Analysis (IIBA®); also, he is a certified project management professional (PMP) and a member of the Project Management Institute (PMI®) and has delivered many courses for participants from different backgrounds.

Tamim, as a professional PMP trainer, recognizes that project managers learn best when they are engaged intellectually, emotionally and physically with what they're doing. He constantly seeks new and innovative ways of engaging the minds and hearts of his clients by designing innovative development programs to meet their needs.

The focus of Tamim's work is to initiate and encourage behaviour changes in support of personal and organizational development; changes that will improve project progress and performance in an increasingly demanding environment where people, in a project team, are often the only differentiator.
